**⊘** Please DO NOT stop in the roundabout or block our eastbound through lane while waiting in our afternoon carline. This roundabout is used by through traffic exiting our parking lot but needing to exit our property towards the east.

We have a double lane for traffic approaching the entrance to our parking lot and there is a left turn lane. We ask that inbound traffic keep the through lane clear by waiting until there is enough room to enter the left turn lane past the roundabout.

■ ■ ■ Through traffic

Please wait here until you have enough room to clear the roundabout and enter the left turn lane beyond it. Thank you.

Enter left turn lane here.
