PREFACE

Approach for Records

We have some historical results from 2010 (provided by Coach Gifford), as well as some from 2012-13 from Coach Rademacher. The most consistent meet was the Kodiak Classic, which seems to have been the same course for several years, so times are directly comparable. Where nearly the same course was used, but slightly different length, we have adjusted the times based on known raced distances, and noted those adjustments in the tables.

There are several cases where a course or meet was discontinued. After four years (i.e., no current athletes would be on the list), the course is dropped from the current record pages, but the historical pages are still in the archives in case the course/meet is revisited.

The course profiles are somewhat normalized (i.e., not to scale), so check the scale to see actual elevation gains.

Content Disclaimer

There might be cases where times, places, etc. didn't get recorded 100% accurate. Submission of any missing/additional information is always welcome, and the records will be amended as needed and republished (electronically). Please send any updates to coach Tom Eller at teller1210@gmail.com.
