

Online Test Refusal for State Standardized Assessments Administered at Monument Academy!

We are using an online refusal process for state standardized assessments; we will no longer accept paper refusals. Our refusal process operates on a secure platform (FamilyID) that provides you with an easy, user-friendly way to submit assessment refusals, and helps us to be more administratively efficient and secure with the assessment refusal process. When you submit an assessment refusal through this system it keeps track of your information in your profile. You enter your information only once for each family member, and you can use the profile you created for each family member to complete this process each year.

REGISTRATION PROCESS:

A parent/guardian should register by clicking on this link:
