MONUMENT ACADEMY
STUDENT TRANSPORTATION CONSENT & ACKNOWLEDGEMENT

School-Sponsored Events and Activities

Monument Academy ("**MA**" or "**School**") may arrange transportation for students participating in school-sponsored events and activities, including field trips, athletic events, competitions, performances, club activities, service activities, and other school-related events. Transportation may be provided through (1) district-provided bus transportation or (2) MA-arranged carpools using private vehicles operated by MA-approved adult drivers. Depending on the particular event, MA may arrange transportation to the event only or may arrange round-trip transportation to and from the event.

This consent applies for the 2026-2027 school year, unless revoked in writing by the parent/guardian. MA will provide or make available appropriate trip-specific information, such as the event, destination, date, anticipated departure and return times, and pickup or return location.

This consent applies only to transportation arranged or authorized by MA. It does not apply to transportation arrangements made independently by families without MA's involvement.

Parent/Guardian Acknowledgment

By signing below, I acknowledge and agree that:

1. **Transportation Consent.** I give permission for my child to be transported to MA-sponsored events and activities using district-provided bus transportation or MA-arranged carpools in private vehicles operated by MA-approved adult drivers. When MA arranges return transportation from an event, this consent also authorizes my child to return using that transportation.
2. **Safety and Conduct.** I understand that my child must comply with the directions of the vehicle operator and MA staff or chaperones and must follow all applicable MA student conduct and transportation safety requirements. My child must remain appropriately seated and use any seat belt, child restraint, or other occupant restraint when provided or required.
3. **Driving Record Verification.** I understand that each time Monument requests a copy of my driving record, I will be required to complete and sign a new DMV Form DR 2559 authorizing the request.
4. **Private Vehicle Transportation.** I understand that vehicles used in MA-arranged carpools are privately owned and are not owned or maintained by MA. MA requires drivers participating in MA-arranged carpools to satisfy MA's applicable driver-approval requirements.
5. **Schedule and Transportation Changes.** I understand that departure and return times, assigned drivers or vehicles, and other transportation arrangements may change because of weather, traffic, mechanical conditions, event schedules, emergencies, driver availability, or other safety or operational considerations. MA will communicate material changes to families when reasonably practicable.
6. **Pickup, Release, and Return Transportation.** I understand that MA will communicate whether return transportation will be provided for a particular event. If MA does not arrange return transportation, I am responsible for arranging transportation for my child from the event. When parent/guardian pickup is required, I am responsible for arranging timely pickup at the designated location.
7. **Emergency Information.** I will maintain current emergency contact and student health information with MA. If an emergency occurs during transportation or a school-sponsored event and I cannot be reached, I authorize MA personnel to obtain or

arrange reasonably necessary emergency medical assistance for my child consistent with the emergency information and authorizations maintained by the School.

8. **Student Health and Transportation Needs.** I will notify MA of material changes to my child's medical, mobility, or other needs that may affect safe transportation. Nothing in this consent modifies MA's obligations to provide transportation-related accommodations, services, or supports required by a student's IEP, Section 504 plan, health plan, or applicable law.
9. **Transportation Availability.** I understand that transportation may be delayed, modified, or canceled because of weather, road conditions, mechanical issues, driver or vehicle availability, or other circumstances affecting safe or practicable transportation. MA will communicate alternate arrangements, if any, when reasonably practicable.
10. **Scope and Revocation of Consent.** This consent applies to transportation covered by this consent during the 2026-2027 school year. I may revoke this consent prospectively by providing written notice to MA. Revocation does not affect transportation that occurred before MA received the notice and may affect my child's ability to participate in an activity when transportation is an integral part of the activity, subject to MA's obligations under applicable law.
